## A Message from the President

With curling under way once again, it looks as though the game will enjoy a banner year in Northern Alberta.

For the second year Provincial Playdowns will be held for our senior curlers. According to the talk around the clubs, a record number of entries will be received for this competition. Plans for a Dominion playdown are not progressing very favorably as the Dominion Curling Association has been unable to secure a sponsor for the event. Preliminary reports indicate that the minimum age of 50 suggested by the A.C.A. is not acceptable to other associations across the Dominion. They prefer a minimum of 60.

The picture is quite different with respect to mixed curling. O'Keefe's is sponsoring a Dominion Mixed Curling Championship, with the finals to be played during the third week of March in Toronto. A great deal of interest is being shown in this event and the 16 Zone Playdowns (February 18-21) and the Provincial Finals (March 6 and 7) should provide some excellent competition.

The controversial Rules of Eligibility will be in the spotlight once again at the Annual Meeting of the Dominion Curling Association. It is to be hoped that some agreement on them can be effected. Considering the widely different views voiced last year, this might take some doing.

The work of the various A.C.A. Committees is proceeding apace. Their purpose, the welfare and the promotion of curling, is being kept firmly in mind.

We cordially invite you to join in with the rest of us in the culmination of our year's work—the Alberta Curling Association's 47th Annual Bonspiel. Reserve the week of March 9 to 14 for good curling, good times and good fellowship.

Frank J. (Skiv) Edwards President, Alberta Curling Association.

## WELCOME, CURLERS . . . to Edmonton's

Special Weekend Family Rates
By Reservation

Phone GA 4-7265

Right at the centre of things in downtown Edmonton, the Mayfair Hotel is delighted to offer you all the special services that will make your curling trip a week to remember...

## Greetings

On behalf of the City of Edmonton, it gives me great pleasure to extend greetings to the Alberta Curling Association.

In the past, the Association has done splendid work in encouraging this healthy sport which is so enjoyed by not only men and women, but also by the boys and girls of our communities.

Our congratulations for your past efforts and our best wishes for your future success.

MAYOR

You Hannelak

#### AS I SEE IT

By Don Fleming

By the time most of you get to read this, we'll be into the 47th annual bonspiel of the Alberta Curling Association.

And for better or for worse, that hot potato, the so-called code of ethics may have been finally disposed of.

Therefore, there's little point in dealing with the proposed rules of eligibility at this writing... except the observation that it is to be hoped that the stiff-necked Ontario purists have not succeeded in dealing a severe blow to the game they profess to love.

It will serve no purpose to break curling down into splinter groups. All-out professionalism should never have been regarded as a threat to the sport.

It is preposterous to assume that anyone will ever be able to earn a decent living out of curling. Glory always will be the big thing when the rewards for shotmaking skill are passed out.

It's an ugly thought but the lofty principles professed by the do-gooders are open to doubt.

We would suggest here that it is more of a case of biting back on the part of those citizens who find that the game has passed them by. It would be a very hollow honor indeed to win a Brier with many of the top shotmakers in the nation sitting on the sidelines.

Obviously, the lesson to be derived from the fate of amateur hockey in Canada has gone over their heads. The Allan Cup was dealt a death blow when the larger cities were pushed into a new competition for the Alexander Trophy.

The Alexander was not with us for long, but in its brevity, it hurt senior hockey so badly that even the passing of a decade has not served to repair the damage.

Something of the sort could happen if the Dominion Curling Association ever ill-advisedly pushed the code of ethics down the throats of curlers across the country.

It is rather a paradox that the people who would be legislated against are many of the very ones who helped curling rise to its present high state in the public notice.

The sport would still be in short pants, had not fellows like Ken Watson projected curling into the national eye. It wasn't very long ago that few papers anywhere in Canada gave curling anything more than the briefest mention.

It seems that this is just one of the prices of growing pains. Our guess is that the DCA conflab at Charlottetown just ahead of the ACA bonspiel would do little toward resolving the issue.

Likely the play would be to throw it all back into the hands of the committee to come up with a more realistic approach to the business of policing curling. That would delay the institution of the rules for still another year, and perhaps the whole thing may yet blow over.

Residence and anti-gambling rules are probably good, though some revision seems still to be called for. But shading the degrees of professionalism is senseless, and can serve no good end.

But in spite of the bickering that breaks out sporadically, the game continues to make great strides

Senior curling, along the lines inaugurated in our part of the country, seems to be here to stay, and it is only a matter of time before it is established as a national competition.

Mixed curling for the O'Keefe Trophy took hold in a hurry, and after only the briefest of talking stages, it is with us this year and constituted much along the structure of the Brier . . . with women at third and lead, of course.

Speaking of the distaff side, history of sorts will also be made at the SportEx in Edmonton Feb. 24-28 when the Dominion Diamond D comes to this province for the first time. Doubtless, this event will be one of the high spots of the curling calendar this season.

And during the ACA bonspiel, our own Art Skinner will be eligible for congratulations all around.

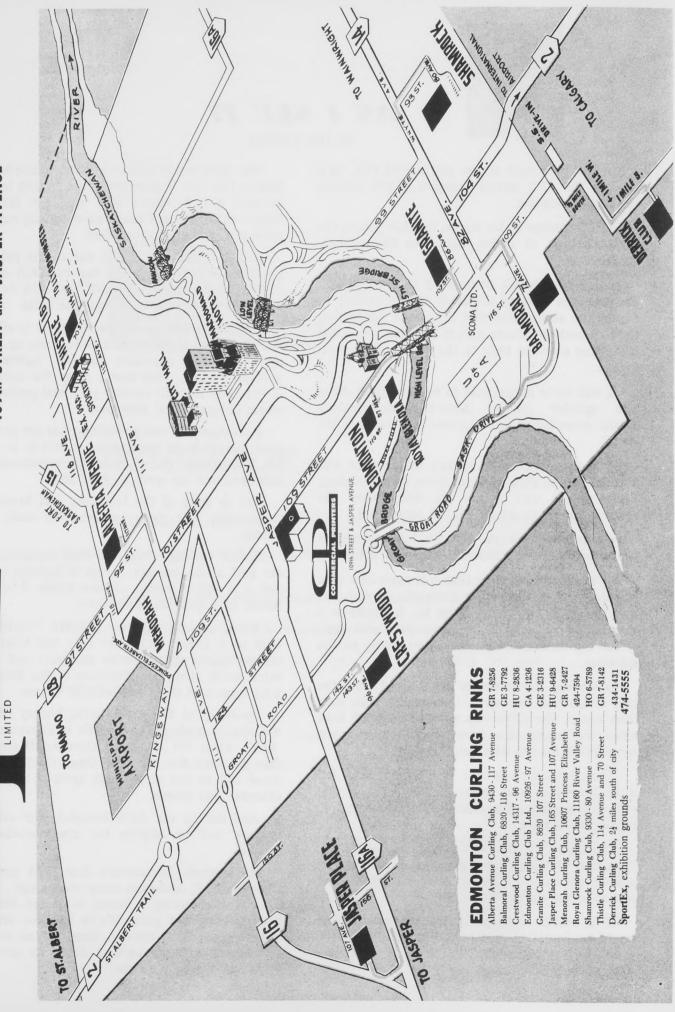

He becomes Edmonton's first DCA president since Dr. A. F. Anderson many moons ago . . . and Art's fresh thinking is bound to do the dominion body nothing but good. We've had our areas of disagreement from time to time, but no one can ever doubt Arthur's earnest desire to serve the game the best way he can.

#### **OLD CURLERS NEVER DIE**

How do I know when my youth is all spent? Well, my "git up and go" has "got up and went". But in spite of it all, I am able to grin When I think of the places my "git up" has been.

Old age is golden, I've oft heard it said, But sometimes I wonder when I get into bed, With my ears in a drawer, my teeth in a cup, And my eyes on the table until I wake up.

Ere sleep dims my eyes, I say to myself—
"Is there anything else I should lay on the shelf".
And I'm happy to say as I close my door—
My friends are the same, or maybe more.

When I was young, my slippers were red, I could kick my heels, right over my head, When I grew older, my slippers were blue, But still I could dance the whole night through.

Now that I'm old, my slippers are black, I walk to the corner and puff my way back. The reason I know that my youth is all spent, My "git up and go" has "got up and went".

But I really don't mind when I think with a grin, Of all the places my "git up" has been, Since I have retired from life's competition, I busy myself with complete repetition.

I get up in the morning, dust off my wits, Pick up the paper and read the "obits". If my name is still missing, I know I'm not dead, So I eat a good breakfast and go back to bed.

CURLING F

Bill Allan . . . Ice Committee Chairman

## Bill Allan Says ... ATTEND A.C.A. ICE SCHOOL AND LEARN PROPER ICE MAKING

## Did You Know?

- That your A.C.A. was the first in Canada to have an ice makers school and convention.
  - We have the only colored film of ice making ideas and on the spot shots of our School.
- We also have experts on New Curling Club Sites, soil conditions and ice heaving causes.
- This School is held each year in Edmonton about October 10th and includes all details of the fine Art of ice making by some of the older and most experienced ice makers.

ago 340 Students have attended.

Since the beginning of the School eight years

- We also have a miniature ice plant and expert advice on how to maintain, operate, and get the best results from your ice plant.
- G. The ice conditions of your Club should keep in step with the high standard of Curling in Western Canada, particularly in our own Province of Alberta.
- Call the Secretary of your A.C.A. for School dates and particulars and how to have a showing of our Film for your Club functions.

### A.C.A. ICE SCHOOL **GRADUATES ARE** ICE MAKING EXPERTS

You owe it to the curlers of your club and to the curling game to have the best possible ice conditions at all times. Send a representative from your club to the next A.C.A. Ice School and take advantage of the latest techniques and technical know-how of championship ice construction.

### WATCH FOR NOTICE **OF THE OCT., 1964** A.C.A. ICE SCHOOL

Can you honestly say that your club's ice has uniform ice surface, ice surface free of runs, perfect-even pebble, clean hacks and general good housekeeping? If not your next step is to graduate an A.C.A. trained ice maker.

Clubs Will Be Notified of Dates.

#### THE RIVIERE QUI BARRE CURLING ASSOCIATION

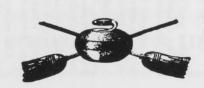

Curling in Rivière Qui Barre started in 1954. This small farming community 25 miles north-west of Edmonton, has a two sheet natural ice rink with matched rocks. It takes care of all the available curlers in the area. Though this rink feels the exodus of its young farm people to the city, the curling season 1962-63 still produced some very successful curlers.

Our High School team won the Zone 5 finals, one of our Sq. Draw teams the Zone 5 playdowns and the Seniors the Zone 5 Finals.

Robert Como, Zone 5 convener, served as our first President from 1954 until 1959, and has always taken an active part in the sports activities of the community.

For this year's curling, we expect 12 Sq. Draw Teams, 12 High School teams and 4 Ladies' rinks. All we hope for is a little cooperation from the weather.

G. Nobert, sec.

WASKATENAU and DISTRICT CURLING CLUB

Waskatenau Curling started in 1927. The first curling rink was one sheet, open air, which was located where Waskatenau Motors stands now. There were about forty members at that time. Waskatenau was the only curling rink at that time between Edmonton and St Paul

Some of the old time curlers were: Art Wolfe, Peter Rudko, Walter Boyd, George Fowler, Fred Fowler, Roland Fowler, Fred Fosher, Jack Kidney, Frank Coulson, Ed Jewel, Walter Bugler, Wilf Phillips and many others.

In 1931 the rink was moved off the main street to the present location. In 1943, the one sheet was extended to a two sheet curling rink which is presently used.

We have about 60 members now. Our present president is Paul Smigorowski. Our secretarytreasurer is Dan Pukalo.

ALDOUS KENT Zone Convener

#### LLOYDMINSTER CURLING CLUB

In 1907, four years after the Barr Colony arrived in Lloydminster (the Border City), a two sheet rink was erected and used until 1913. At that time a four sheet rink was found necessary to take care of additional curlers. This was built on a new location and used for forty-three years.

In 1955, The Curling Club, with Clare Ross as President, together with the Lloydminster Exhibition built a four sheet Artificial Ice plant on the Exhibition Grounds. Since that time Curling Clubs from both Provinces have made Lloydminster their Curling headquarters for inter-club get togethers and goodwill trips. Lloydminster has always been a strong and good curling community, and during the past few years has had representatives in the Consols and District Playdowns. Legion rinks have

yearly played in district finals, and in 1958 the Legion Dominion Championships were played here.

The Club, this year, is holding a large cash Bonspiel with name rinks from both Provinces competing.

Sixteen Ladies' Rinks and twenty High School Rinks together with the Men's Club keep the ice in use afternoons and evenings. Gar Lawson, our very capable ice maker, always has the ice in top shape.

A large club room has been furnished by the ladies and is available for all club functions.

#### IRMA CURLING CLUB

Curling did not start in the village of Irma as early as it did in some neighbouring towns, but once started progress was rapid. An association was formed on the 2nd of December, 1941. But active curling at first was done by a few at other centres such as Wainwright and Hardisty. Of the original elected Officers of the club, as first formed, only one member, Mr. S. Brown, still remains an active member in 1963.

As first constructed the rink building covered two sheets of ice, and had a small often cold waiting room. It was built during the years 1942-1943, mostly by volunteer labour and from lumber taken from an old empty two storey building, once used as a hardware store. About the year 1950, it was felt that an extra sheet of ice would give better playing coverage. It was also the general opinion that matched rocks would improve the quality of the play. Up to this time members had struggled with and for (at the start of games) rocks of various weights, shapes, colors and sharpness, some privately owned, some club rocks.

Committees were set up to organise the financing of the alterations to the building and the pur-

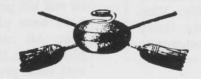

chase of three sets of matched rocks. It was in March 1952 that the decision for this change was made. Money was successfully collected by selling shares, sports days, raffles, etc., and again volunteer efforts by enthusiastic members was a big factor in the ultimate success of the program. In 1959 a new waiting room, 24' x 48', was built on the west end of the rink. This was a magnificent effort which included installation of a modern gas range, lunch counter, washrooms, etc., all heated by a basement gas furnace.

Now this year, 1963, marks the supreme effort. An artificial ice plant is now installed and with a heated playing arena for the below zero weather the Irma Curling Club has facilities for curling equal in quality, if not size, to any organization in

Alberta.

One final and important paragraph must be added to this short history. From the very beginning, the women's branch of the association has given the club very strong support. Their lunch counter service over the years has been excellent and without the funds thus raised, curling would not take place under the near perfect conditions now to be enjoyed during the coming season.

#### THE DONALDA CURLING CLUB

The Donalda Curling Club, situated in a farming community 20 miles north east of Stettler, this year installed artificial ice in their fine two sheet rink. Under the able leadership of Jeff Scatchard, president and seven year manager of Donalda Imperial Bank, and a big effort of Garry Clement, treasurer, the work went along smoothly. Vice-President Les Damberger and Secretary Garry Stanvick were strong assistants and the community responded enthusiastically.

President Scatchard reports:

"The plant cost \$8,500.00 of which \$3,000.00 has been paid on account to Edmonton Butchers and Packers. The remaining \$5,500.00 is repayable to them over a period of three years at 7% per annum simple interest.

"Improving the rink has cost approximately \$4,200.00 of which \$3,000.00 came from the sale of shares, \$600.00 from a donation by the lady curlers (bless them), \$100.00 from the Turkey Bingo, \$200.00 from a calf raffle, \$200.00 from a suit raffle, and from funds on hand in the old

Donalda Curling Club account. Fees have been set at \$27.50 for men and \$15.00 for women and are expected to take care of the operating expenses.

"A very generous donation of \$1,000.00 has been made by the Donalda and Community Council and net profits from all projects put on by them have been pledged toward cancelling the capital debt. All curlers and shareholders are asked to please give the Council as much help as possible with these projects and please attend their meetings on the fourth Monday of each month. This is very important as they will not continue their support unless they get our assistance. It is in our own interest to support them to the fullest. Their first project was a Merchandise Bingo on December 11, 1963.

"Ice has been made and curling started. Monday, December 2nd, with 24 rinks entered. Improvements to the building are continuing and we would appreciate any assistance you could give. Please advise Garry Clement or myself, if you can spare some time to help out."

	* As of record of I	December 12, 1963	

This year Zone Twelve is featuring the history of New Sarepta, a small community which has been aggressive enough to install a two sheet artificial ice plant in order to further curling in that community.

#### History of the New Sarepta Curling Club

It all started with a few brave and farsighted men that were willing to take a chance, like R. Hetsler, C. Stelter, Ed Wedman, Leo Trempner, L. Wensel, Butch Schlender and other hard working volunteers.

The building was first built to be used as a community dance hall for the summer months to raise funds in 1944. This did not prove to be very successful. It was planned to put ice down on the floor for winter curling. After finding enough used and new curling rocks for two sheets of ice and Calgary Power coming into town, we were able to start curling in 1950. This floor sure added noise to the roaring game, but we put up with it for seven years. When the floor was taken out, or fell out, natural ice was put on the ground.

In 1961 we installed an artificial ice plant for two sheets of ice. We also put a new galvanized roof over our building. The present assets are in excess of \$20,000.00.

The presidency was started by C. Stelter, Butch Schlender, M. Trempner, Alfred Schlender, O. Stroh and again by Butch Schlender who at the present time is in charge. This is only naming a few of the many hard working people in this community who helped make this a success.

At the present time, a lot of interest and enjoyment is being shared around this curling rink.

Zone Twelve is very happy to welcome another community into the zone, that of Broadmoor in Sherwood Park. Although they are on the outer limit of our Zone, I hope they will blend with us in making this year's Zone activities a successful one.

We are pleased to hear that Holden and Ryley are each installing three sheet artificial ice plants this year, and this will greatly increase the total number of artificial ice sheets in the Zone. This progressive step cannot help but facilitate better curling. In addition Sedgewick has completed a recreation centre with a new four sheet artificial ice plant. This will localize sports activities under one roof. The community should be commended for their foresight and responsibility which they have undertaken.

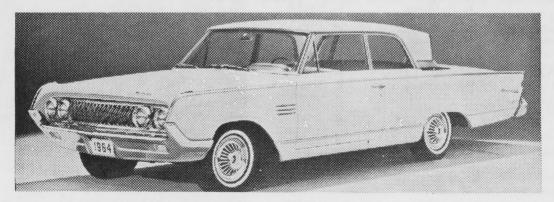

Our Zone play-offs will be held in Viking this year, and we hope every club in the Zone will enter rinks for the playdowns which will be held the end of January.

#### **FLLER SLIE**

It all started two years ago when Spence Goddard asked Bob Moir to go for a Sunday afternoon drive to Conjuring Creek where a single sheet curling rink made of straw bales had been in existence for some years. The brainchild was born and now we consider that we have a successful twosheeter at Ellerslie.

The dimensions are 32' x 180'. The walls are made up of a double row of interlocking straw bales—approximately 2,000 and there are 2 feet of loose straw in the attic. This supplies excellent insulation and answers the condensation problem familiar to most rinks. A portion of the inside walls are covered by advertising signs from local and South-side businesses. The lounge, 24' x 32', is finished in plywood and has a coffee counter across one end. It also furnishes a clear view of the ice—this is where our best games are played.

To raise money for the initial construction we sold \$50.00 debentures and it was built by volunteer labor. Much of the straw was donated-some bought. A few of the debentures were bought by people who will never curl but felt it was a very worthwhile community effort.

MEMBERS

> 48 20

100

This year we have 22 rinks curling Monday through Friday. This leaves Saturday and Sunday open for rentals and spiels. 20.5% of the 88 curlers are non-debenture holders.

At present we have no plans for enlarging or putting in artificial ice. We did build an addition this year to house the furnace, plumbing, and rink equipment and next year hopes are high to paint the inside at least.

President, Don Lang, succeeded Bill Walter our first president, Ruth Lutz is secretary and Johnny Ritzlaff holds the unenviable position of treasurer.

We hope the lounge will become a focal point for community get-togethers and meetings. The rink itself is noted for its friendly, sociable atmosphere.

KEN REEVES ZONE CONVENER

#### WHITECOURT CURLING CLUB

Curling in Whitecourt is comparatively new. The first Curling Club was opened in the fall of 1950 under the direction of a few but hearty Curling enthusiasts. The rink was a two sheeter and curling was on natural ice. The rink was built only by the generous support of local businessmen and volunteer labor by interested citizens.

The 1958-59 season heralded a new era of curling in Whitecourt. The coming of artificial ice. The club was greeted with a face lifting, another sheet added and matched rocks purchased. Once again the local businessmen were called on and they in turn generously supported the call. Donations of sand and gravel were received and volunteer labor again being a large asset. Shares were sold at \$100.00 each and finally the provincial recreational loan ended the financial burden.

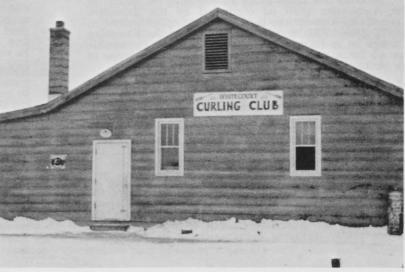

We would like to take this opportunity to welcome the Mayerthorpe Curling Club into the folds of artificial ice. They have installed an ice making machine for their three sheet rink and have made many changes to the existing building.

With the addition of Mayerthorpe Zone 16 now has 30 sheets of artificial ice.

The Whitecourt Curling Club is honored to be chosen as the site for the 1964 Zone 16 playdowns. We will do our utmost to live up to the high standards set down before us by the previous clubs in Zone 16 hosting the play-offs.

Bonspiel dates in Whitecourt are as follows: Men's Open—February 7, 8, 9. Last Chance—March 27, 28, 29.

#### CONSTITUTION OF THE ALBERTA CURLING ASSOCIATION

- NAME—The name of the Association shall be "The Alberta Curling Association".
- 2. AIMS—The aims of the Association shall be to promote curling and to maintain a connection with the Royal Caledonian Curling Club of Scotland by affiliation with the Dominion Curling Association.
- 3. MEMBERSHIPS—The membership of the Association shall consist of the honorary members of the Association, such life members as have been appointed by the Executive Council at its Annual Meeting, and the regular and honorary members of the curling clubs which may apply for affiliation and be accepted into the Association and conform to the rules thereof as adopted.
- 4. FEES—Annual affiliation fees payable by the Clubs to the Association shall be as follows:
  - (a) City of Edmonton Clubs, \$1.00 per member of same
  - (b) Rural Artificial Ice Clubs, 50c per member of same.
  - (c) Natural Ice Clubs, 25c per member of same.

All dues shall be payable in advance and not later than January 25th in each year. Clubs whose fees are not paid in full by this date shall not be allowed to compete in any competition arranged under the auspices of the Association.

- 5. OFFICERS—The officers of the Association shall consist of the Patrons, Honorary President, Honorary Vice-President, President, two Vice-Presidents, Past President (Immediate) and Chaplains.
- EXECUTIVE COUNCIL—The affairs of the Association shall be conducted by the Executive Council and Committees to which it delegates authority.

The Executive Council shall be composed of the Past President, the President, both Vice-Presidents and delegates elected by the affiliated Edmonton clubs, each club being allowed three delegates and, in addition, the Presidents of all the affiliated Edmonton clubs.

Further, the delegates to the Executive Council shall include one delegate from each of the British Consols Zones (other than those in the City of Edmonton) as defined by resolution of the Executive Council, to be selected as the respective zones see fit.

7. MEETINGS-

(a) The Annual General Meeting of the Association shall be held during the month of May each year and the delegates thereto shall be the members of the outgoing Executive Council.

The agenda of this meeting shall include:

Approval of the minutes of the previous Annual General Meeting.

Report of the President and committees.

Financial reports of the auditors.

- A report from the affiliated Edmonton clubs on the names of the delegates they have selected for the ensuing year.
- Election of all officers except for Past President who shall be the retiring President.

Appointment of auditors.

Election of delegate or delegates to the Dominion Curling Association.

Such other business as may be required.

- (b) The new Executive Council shall meet each year in June for the purpose of setting bonspiel dates, appointing committees, and such other business as may be required.
- (c) All other meetings of the Executive Council shall be at the call of the President.
- (d) Fifteen qualified members shall constitute a quorum at meetings of the Executive Council or at an Annual General Meeting.
- 8. CONSTITUTIONAL AMENDMENTS—This constitution may be amended only in the following manner:
- (a) Notice of the motion to amend must be given at a regularly called meeting of the Executive Council or at an Annual General Meeting.
- (b) At least three weeks must elapse between such notice and the meeting at which the vote on the motion is to take place.
- (c) Notice of the meeting at which the vote is to be taken must be given in writing to the delegates at least seven days before such meeting.
- (d) The notice referred to in (c) above must indicate that the meeting will vote on the proposed amendment to the Constitution.
- (e) To gain approval, the motion must have the support of at least two-thirds of the delegates present at the latter meeting.
- (f) In the event the motion carries it shall become immediately effective.

#### SUPPLEMENTARY CONSTITUTIONAL RESOLUTIONS

#### RESOLUTION No. 1

Whereas the Constitution directs that the affairs of the Association shall be conducted by the Executive Council and Committees to which it delegates authority, BE IT RESOLVED that the committees of the Executive Council be as follows, each committee to be responsible for all duties and functions coming within the scope of its jurisdiction:

- EXECUTIVE COMMITTEE This committee shall appoint the Secretary-Treasurer and shall be responsible for such actions as must be taken pending meetings of the Executive Council and shall meet as often as necessary for the discussion of any and all matters concerning the Association. It shall be comprised of the President, the Vice-Presidents and the Immediate Past President.
- FINANCE COMMITTEE This committee shall be responsible for the budgeting of the finances of the Association both as to general and bonspiel operations, the obtaining of funds for bonspiel prizes, and advising the Executive Council on finance matters, generally, including the investment of Association funds.

This Committee shall consider the advisability of making major expenditures over and above those approved in the budget by the Executive Council, and shall report to a regular meeting of the Council, before a motion authorizing a major expenditure may be voted upon.

- 3. HIGH SCHOOL CURLING COMMITTEE—This Committee shall be in charge of the Association's efforts to promote curling by High School students, including the High School playdowns.
- 4. BRITISH CONSOLS AND SENIORS PLAYDOWN COMMITTEE—This committee shall have charge of the British Consols and Seniors playdowns in all phases.
- PUBLICITY COMMITTEE—This committee shall constitute the liaison between the Association, the press, radio and television.
- 6. GOODWILL COMMITTEE—This committee has the special task of maintaining goodwill towards the Association and its bonspiel on the part of affiliated clubs and members generally.

- 7. CONSTITUTION COMMITTEE—This committee shall advise the Executive Council on matters affecting the constitution.
- 8. ANNUAL YEARBOOK COMMITTEE—This committee shall be in charge of the publication of the A.C.A. Annual Yearbook in each year.
- 9. ICE AND ICE SCHOOL COMMITTEE—This committee shall be responsible for the acceptability of ice for any A.C.A. sponsored event, and for the operation of the annual A.C.A. Ice School in all its phases.
- APPEALS COMMITTEE—This committee shall deal with all matters of dispute in regard to games in all A.C.A. sponsored events.

11. BONSPIEL COMMITTEE (Chairman—the second Vice-President)

a—Prize Committee—This committee shall be the custodian of bonspiel trophies, the purchase of prizes, display and presentation of same.
b—Draw Committee—This committee shall have full

p—Draw Committee—This committee shall have full charge of the draw in the annual bonspiel, including the appointment of a draw master.

c—Entertainment Committee—This committee shall have charge of the entertainment in relation to Association affairs generally, including the banoquet in association with the bonspiel.

d—Ticket Committee—This committee shall be in charge of ticket sales for admission of the public to bonspiel and other designated games.

#### RESOLUTION No. 2

WHEREAS only the general duties of the committees are referred to in Resolution No. 1, and,

It is desirable that a practical division of the work of the Association Committees in detail be a matter of record, and,

It appears the Chairmen of such existing Committees are in the best position to define and delimit those duties, BE IT RESOLVED

That the Chairmen of the various Committees be asked to collaborate in preparing a written statement in precise detail defining the duties of the various Committees, such statement to be presented to the Executive Council as a resolution, and

That such action be taken immediately and such duties be those of the Committees at the next bonspiel and as amended from time to time at future bonspiels.

#### RESOLUTION No. 3

WHEREAS it is desirable that the financial affairs of the Association be conducted on the basis of a fixed fiscal year, BE IT RESOLVED

That the fiscal year, be from May 1st to April 30th, and that the financial report of the auditors to the Annual General Meeting cover this period.

#### RESOLUTION No. 4

#### RESOLVED that

- The President shall preside at the Annual General Meeting, at meetings of the Executive Council and meetings of the Executive Committee.
- 2. In addition to his regular vote, the President shall have the deciding vote in case of a tie.
- 3. In the absence of the President, the First Vice-President shall take his place and discharge the duties of the position. The Second Vice-President shall have the same authority in the case of the absence of the President and First Vice-President. In the absence of all three the meeting shall elect a Chairman who shall perform the same functions.
- 4. The Secretary-Treasurer shall keep full and correct minutes of the meetings of the Association, the Executive Council and the Executive Committee. He shall generally carry out the affairs of the Associa-

tion as directed by the Executive Council, or, between its meetings, by the Executive Committee. He shall co-ordinate the activities of the various committees.

#### RESOLUTION No. 5

#### RESOLVED that

- 1. The Secretary-Treasurer shall present at each meeting of the Executive Council a list of accounts for approval and payment, covering the period since the last meeting. This is not to preclude the Secretary-Treasurer from paying, at his own discretion, those routine accounts which are due and payable, subject to ratification at the next meeting.
- 2. The books of the Association shall be presented to the auditors each year following March 31st for audit and the preparation of a statement to be presented at the next Annual General Meeting.
- 3. The Secretary-Treasurer shall be paid an honorarium.

#### RESOLUTION No. 6

RESOLVED that signing authority in respect to cheques and other financial documents of the Association shall be vested in any two of the following: the President, the First Vice-President, the Secretary-Treasurer.

#### RESOLUTION No. 7

WHEREAS the Constitution provides that membership shall include members of the "curling clubs which may apply for affiliation and be accepted into the Association..." and

No boundaries were defined by Constitution as to the area served by the Association, and

Conflict with other Associations is to be avoided, and The term "curling club" as used in the Constitution may require definition, BE IT RESOLVED

- 1. That the Secretary-Treasurer be authorized to accept normal and obviously non-contentious applications for affiliation, as a routine office function.
- 2. That the Secretary-Treasurer be instructed that in the event of a request for affiliation from a club which might conceivably be considered as in the area served by another curling association, such application should not be accepted until the matter has been dealt with by the Executive Council.
- 3. That any club operating its own curling premises shall be capable of application for affiliation.

#### RESOLUTION No. 8

RESOLVED that the order of business at meetings of the Executive Council shall be as follows:

Presentation and acceptance of credentials.

Reading and approval of minutes of previous meeting.

Business arising from the minutes.

Reports of officers and committees.

Accounts.

Correspondence.

New business.

#### RESOLUTION No. 9

WHEREAS the Constitution no longer provides for a rotation of the major offices among the clubs and there are now only two Vice-Presidents, and,

It is important that previous study be given to coming vacancies rather than being dealt with in the hurry of a meeting, and

It appears that the Past Presidents constitute a mature body of sound judgment with a minimum of pre-

judice in favor of any one club or individual, BE IT

That the Past Presidents who currently are still members of the Executive Council, including the retiring President, shall constitute a (nominating) committee who shall make recommendations as to filling the various offices to the Annual General Meeting.

That it be understood that such nominations are the recommendation of the nominating committee only and that the membership have every right to make further nominations from the floor of the meeting.

The Nominating Committee shall recommend to the Association at its Annual Meeting not more than four persons whom the meeting may appoint Honorary Life Members in recognition of special services to the Association and to the game of curling. Any member of the Association may, at any time prior to mailing of the notice calling the Annual Meeting, submit in writing to the Immediate Past President of the Association who shall in turn submit to the Nominating Committee, name or names of proposed Life Members. The list of persons to be recommended for life membership by the Nominating Committee at the Annual General Meeting, and

at such meeting, the delegates shall vote by secret ballot on the persons recommended for life membership.

Provided, however, that at the first Annual Meeting of the Association after these provisions come into effect, not more than fourteen persons may be recommended for life membership.

#### RESOLUTION No. 10

Amendments to the Supplementary Constitutional Resolutions.

These Resolutions may be amended only in the following manner:

- a—Notice of Motion to amend the Resolutions must be given at a regularly called meeting of the Executive Council, or at an Annual Meeting.
- b—At least three weeks must elapse between such notice and the meeting at which the vote on the motion is to take place.
- c—To gain approval, the Motion must have the support of at least two-thirds of the delegates present, and
- d—In the event the Motion carries, the Resolution shall become immediately effective.

## \*stramit

makes curling easy ... well, almost!

Stramit can't help you to perfect your out-turn draw or to guarantee an eight ender every time, but unique 2" thick structural and insulation Stramit panels prevent frosting, eliminate drips on the ice and help to maintain a uniform ice surface. In this way Stramit does make curling easier. Stramit also helps to cut construction costs to the bone . . . so that more communities can build curling rinks. Westlock, North Battleford, Vegreville, Hardisty, Mannville and Grand Centre have chosen Stramit for arenas and rinks in the last two years.

Low in cost and fire-resistant, Stramit has the structural strength and rigidity to meet the strictest building code requirements. These two-inch thick fused fibre panels can be economically used for insulated structural roof decking as well as lining walls. One operation provides finished surface, insulation and sheathing!

#### THE DOMINION DIAMOND "D"

The first Dominion Diamond "D" was held in 1960 at Oshawa, Ontario, between the Eastern Canada Ladies' Curling Champion and the Western Canada Ladies' Curling Champion. This was won by Miss Joyce McKee of Saskatoon, Saskatchewan, who represented Western Canada.

In the following years Dominion Diamond "D" Championships were played at Ottawa, Regina and Saint John, N.B.

The provincial Dominion Silver "D" champions were:

MISS JOYCE McKEE OF SASKATOON, SASK.
MRS. INA HANSEN OF KIMBERLEY, B.C.
MRS. MABEL DEWARE OF MONCTON. N.B.

The winners for Alberta were:

1961-MRS. DOROTHY THOMPSON OF EDMONTON, ALBERTA.

1962-MRS. VERA REED OF CALGARY, ALBERTA.

1963-MRS. VERA REED OF CALGARY, ALBERTA.

Ladies' curling in Canada is on the upsurge, as is evidenced by the increase in affiliation with the Canadian Ladies' Curling Association. It is believed that this is partly due to the inauguration of the Dominion Diamond "D" Canadian Ladies' Curling Championship and its sponsorship by Dominion Stores Limited.

It should be noted that Dominion Stores Limited is a wholly Canadian owned company and the majority of its stockholders are women.

The Dominion Silver "D" for 1964 is to be played at Grande Prairie, Alberta, February 11, 12 and 13. Mrs. R. J. Campbell is President of the Alberta Ladies' Curling Association and will be in charge of all arrangements for the Dominion Silver "D" Provincial Championship.

#### THE 1964 DOMINION DIAMOND "D"

The 1964 Dominion Diamond "D" is to be played at Edmonton, in the **SportEx Building**, from February 24 to 28 inclusive. Mrs. D. S. Sinclair, President of the C.L.C.A., is chairman of the Dominion Diamond "D" Committee for this very important event in ladies' curling.

#### Twelve Ways to Kill a Curling Club

1. Don't come and play or attend the meetings.

But if you come, come late.
 Never accept an office as it is easier to critize

than do things.

4. If asked by the Chairman to give your opinion regarding some important matter, tell him you have nothing to say; after the meeting tell everybody how things ought to be done.

- 5. Do nothing more than is absolutely necessary: but when the other members roll up their sleeves and willingly use their ability to help matters along, "howl" that the club is run by a "clique".
- 6. Hold back your subscription as long as possible. 7. If you don't receive a bill for your subscription.

don't pay.

8. If matters do not quite suit your opinions . . .

resign.

- 9. Condemn everything without even giving it a fair trial, or without even clearly understanding the subject.
- 10. When you attend a meeting, vote to do something and then go home and do something

11. Agree to everything said at the meeting and disagree with it outside.

12. When asked by an officer for information, don't give it. Agree with his views while conversing with him, and disagree when he has left.

#### PUMP OR LEAVE THE HANDLE

There used to be an idea that a man who was appointed chairman of a committee was also allowed to do all the work pertaining to the committee.

This idea is frayed out and worn to shreds.

The modern thought is that every man on the committee is an active participant in the work of the committee, and that the chairman is not expected to use power or persuasion in leading committeemen to that work.

If there are six men on the committee, it should be a six-cylinder committee, and the fact that the chairman gets the spark first is no sign that the other cylinders should not pull their share of the load.

Having your name printed as a member of a committee is not an honor in itself, but merely offers the chance for conscientious service.

The honor comes after you have justified the presence of your name by whole-hearted effort to accomplish the purpose for which your committee was chosen.

The chairman is a captain, to be sure, but no one ever saw a football game won with one flesh and blood captain and ten wooden Indians filling the other positions.

If you feel that you cannot do your part of the pumping, "For the love of Mike" get away from the handle and let someone else do it.

## REMEMBER WHEN?

JASPER BONSPIEL 1927

#### Some "Don'ts" While Curling

Don't:

Walk or stand in the centre of the ice during play. Stand on the sidelines.

Obstruct the view of the man playing a stone.

He is the most interested.

Cross the ice between a player and his skip. Interfere in any way with a player while he is delivering his stone.

Be away from the hack when your turn to play comes. Be ready.

Enter the house. Only skips or thirds may do this. Stay outside the hog line.

Move the stones at the end of play until the thirds have decided the winner.

Measure stones until after play for the end

Stand watching the stones of your side go by; be with them ready to sweep when the word is given.

Sweep until you are told.

Sweep lengthwise to the sheet. Sweep at right angles to the course of the rock.

Sweep your opponents stone in front of the

Cheer your opponent's miss. It is not good sportsmanship to say "Thank you" when he guards your rock.

Criticize the play of any member of your team. Everyone is doing the best he can, and feels badly enough when he plays a poor shot.

Throw stones down the ice before the start of a match. All games should start with no player having previous knowledge of the ice condi-

Neglect to notify your skip if unable to attend when drawn to play.

Largest curling rink in the world is the Big Four Rink in Calgary. It contains 48 sheets of artificial ice.

#### ATTENTION CURLERS!

The advertisers in this Annual have made possible its publication and free distribution to the members. Your appreciation of this service can best be shown by extending to them your patronage.

#### HOW TO PLAY "POINTS" AND SCORE

Lots shall be drawn for the order of playing; each competitor shall change position one place after each round, thus: The first player to be the last in playing next round, and the second player to be the first at the next, and so on. Each competitor shall use two stones, and play them, the one immediately after the other, and shall not during the competition change the side of a stone, or the stone itself, unless it happens to be broken.

Every competitor to play four shots at each of the nine following points of the game, viz.: Striking, Inwicking, Drawing, Guarding, Chap and Lie, Wick and Curl In, Raising, Drawing Through a Port, and Chipping the Winner, according to the following definitions and each successful shot shall count as hereinafter provided:

- (a) STRIKING—A stone place on the sweeping score, and with its inner edge 2 feet from the tee. If struck to count 1; if struck out of the 12-foot circle to count 2.
- (b) INWICKING—One stone being placed on the tee, and another with its inner edge 2 feet 6 inches from the tee, and its fore-edge on a line drawn from the tee at an angle of 45 degrees with the centre line; if the played stone strike the latter on the inside, to count 1; if it perceptibly moves both stones, to count 2.
- (c) DRAWING—If the stone played lies within or on the 12-foot circle, to count 1, if within or on the 8-foot circle to count 2.
- (d) GUARDING—A stone, to be guarded, placed with its fore-edge on the tee. If the stone played rests within 6 inches of the central line to count 1; if on the line to count 2.
- (e) CHAP AND LIE—If the stone placed on the sweeping score with its inner edge one foot from the tee, be struck out of the 12-foot circle, and the played stone rests within or on the same circle, to count 1; if struck out of the 12-foot circle, and the played stone rests within or on the 8-foot circle, to count 2.
- (f) WICK AND CURL IN—A stone being placed with its inner edge 6 feet distant from the tee, and its fore-edge on a line making an angle of 45 degrees with the central line; if the stone is struck and the played stone curls on or within the 12-foot circle, to count 1; if struck and played stone rests on or within the 8-foot circle, to count 2.
- (g) RAISING—A stone played with its centre on the central line and its inner edge 8 feet distant from the tee; if struck within or on the 12-foot circle, to count 1; if struck within or on the 8-foot circle to count 2.
- (h) DRAWING THROUGH A PORT—One stone to be placed with its inner edge on the central line, 10 feet in front of the tee, and another stone placed parallel thereto, and with its inner edge 2 feet from the central line; if the played stone passes between these two stones without touching either, and rests within or on the 12-foot circle, to count 1; if within or on the 8-foot circle to count 2.
- (i) CHIPPING THE WINNER—A stone being placed on the tee and another 10 feet distant, and with its inner edge just touching the central line, and half guarding the one on the tee, and a third stone being placed 4 feet behind the tee, with its inner edge touching the central line, but on the opposite side from that on which the guard is placed; if the played stone strikes the stone placed behind the tee, to count 1; if it strikes the stone on the tee, to count 2.

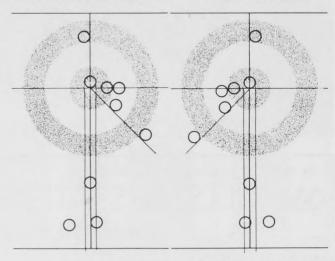

N.B.—In the event of two or more competitors gaining the same number of shots, they shall play four shots at "WICK AND CURL IN."

If the competition cannot be decided by these shots, the umpire shall order one or more points to be played again by the competitors who are equal.

In the Point Game, the Rinks may be swept as often as required during the intervals between the playing of the stones. A player may sweep his own stone, no other person being allowed to do so, and no person shall be allowed to direct the player, except to hold the broom as the player directs.

IN-TURN GOING AWAY
FROM WAITING ROOM

OUT-TURN COMING TO WAITING ROOM

These diagrams are a composite of all of the shots described in the accompanying rules.

#### ALBERTA GIRLS' CURLING

The history of Girls' Curling in Northern Alberta dates back to 1958.

It was then that Mr. Jack Reilly of the Edmonton Parks and Recreation Department persuaded the Ladies' Curling Clubs in Edmonton to organize Girls' Curling within their own clubs.

After much instruction and many meetings the Edmonton Girls' Curling Association was formed and their first Bonspiel held in the spring of 1959.

These very energetic promoters then turned their thoughts to higher levels and it was at this time that the Northern Alberta Girls' Curling Association was formed.

Their first "big" Bonspiel was held in December, 1959, with a local firm, McArthur's Ladies' Wear, as the sponsor.

This Bonspiel also attracted some rural rinks and was won in this first year by the Colleen Mackenzie rink of the Crestwood Curling Club.

This Spiel has since been an annual event.

Next step was Girls' Curling at the Provincial level. So, with TRUCKERS TERMINAL DISTRIBUTING CO. LTD. offering their sponsorship, the Provincial Girls' Curling Association was formed.

#### Eligibility Rules:

- 1. Girls must be under 19 years of age as of October 1st of the current curling season.
- 2. They must be attending a day time educational institution other than the university.

Girls' Curling, now in its fifth season, has mushroomed to include at least 1,000 girls affiliated with the Northern Association and more than 1,500 girl curlers throughout the Province.

With most of the problems solved and with the great interest shown by our rural rinks, Girls' Curling has reached the stage where it now can have, in this area, a 16 Rink Playdown.

With ice available at the new SportEx, this 16 Rink Playdown can become a reality. From this Playdown, the winner advances to the Provincial Final. This Provincial Final is to be held in the South this year.

The four city rinks will be determined at the City Playdowns to be held in late December and the twelve rural rinks will be made up of the first twelve eligible entries received.

The original promoters of Girls' Curling in Edmonton, many of whom are still active, were:

Mrs. E. Garlough Mrs. S. Bernard Mrs. R. J. Mackenzie Mrs. T. A. Flynn Mrs. M. Chilibeck Mrs. B. Robertson Mrs. M. A. Fuller Mrs. J. McClov Mrs. C. Collier Mrs. J. D. Wallbridge Mrs. J. Jamieson Mrs. V. Pearson Mrs. R. G. Cheyne Mrs. K. E. Samis Mrs. G. Blackstock and the late Mrs. J. Loudon

Girls' Curling will always be indebted to the tireless efforts of these hard working ladies, the wonderful Sponsors and the keen interest of Mr. Jack Reilly.
